

BLESSING CHINA

---Notice of commission-free money transfer for donation purposes from Bank of China (UK) Ltd and Bank of China Ltd London Branch

Bank of China offers commission-free money transfer for donation purposes to aid the battle against novel coronavirus.

Since the viral pneumonia caused by novel coronavirus was found in Wuhan in December 2019, there has been a shortage of masks, gloves, protective suits, and other medical supplies in many hospitals and public health clinics. The outbreak of disease has deeply touched all the Chinese people across the world. Bank of China Ltd London Branch and Bank of China (UK) Limited decided to offer a 'green path' for all donations effective until 30/04/2020. This means:

For personal clients, money transfers for donation purposes from any Bank of China Branch across the UK (including Internet Banking/Mobile Banking and counter services) will be commission-free*.

For corporate clients, service charges to all money transfers for donations purposes via both counter service and corporate internet banking service** will be waived. The fee charged to those donation-related money transfers that had been processed before 29/01/2020 will be refunded***.

For money transfers made over the counter of the branches, there will be no need to queue.

Please ask us the recommended charities and the accounts details.

Our thoughts are with everyone affected by this outbreak of disease.

*Bank of China (UK) Limited will keep all the right for the final explanation.

** For donations made via corporate internet banking, please consult relationship manager before making the payments.

***The refund will not be processed automatically. Please contact relationship manager to process.
